Confessed by [redacted]

Reference: Memo to DCI thru Chief, I&SS, from Chief, Audit Division, subject

1. Before action is taken on this report it is requested that
you submit your comments and recommendations in connection therewith,
including:

a. Security implications involved in case of suit for
recovery or criminal prosecution.

b. Opinion as to the degree of responsibility of the
station chief in this case, and recommended or contemplated
action in connection therewith.

c. Whether there was any failure on the part of the
responsible division chief in your Office which contributed
to the failure to disclose this situation at an earlier date.

d. What measures have been taken to provide further safe-
guards against similar situations arising in the future.

2. For your information it is the opinion of the General Counsel
that the successful outcome of any suit for recovery is doubtful due
to lack of specific evidence sufficient to assess accurately the
actual shortage.

3. Please submit your reply through the Executive by 11 July.

4. Meanwhile consideration should be given to the immediate
suspension of this employee pending final determination of the
disposition of his case.
